

## 1 How to find available parking garage

1. Select the desired parking permit from the Home Page.
2. You are redirected to a map view with every parking garage and parking lot relevant to your permit.
3. You can visually identify how busy a parking garage or parking lot is based on the color gradient of the circle located at each zone.

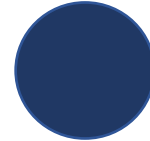

Ex:

0% - 33% Occupancy

33% - 66% Occupancy

66% - 100% Occupancy

4. Once you determine which parking garage is more convenient, you can view the garage availability per floor by clicking on the "Availability" link for each parking garage.

## 2 How to find a class

1. Select the Find My Class button in the Home Page.
2. Select the relevant class from the dropdown and press Find button.
3. You are redirected to a map view with a locator for the class selected.
